RE: Request for Board Concurrence, Amount and Form of Replacement Reclamation Surety, Lone Star Industries, Inc./Utah Portland Quarries, Inc., Quarry Antone Mine, M/045/021, Tooele County, Utah

The Division requests the Board of Oil, Gas and Mining's approval on the amount and form of replacement reclamation surety as provided by Lone Star Industries, Inc., dba. Utah Portland Quarries, Inc., for the Quarry Antone mine site. The mine has been inactive for approximately 3 years and the operator has no immediate plans to reactive the mine in the immediate future (market dependent).

The Board approved the original amount and form of reclamation surety for the Quarry Antone Mine on August 27, 1987. National Union Fire Insurance Company of Pittsburgh, Pennsylvania is the surety company guaranteeing the surety bond. This company is on the 1990 Federally published list of companies found acceptable as sureties and reinsurers on Federal bonds.

Copies of the executive summary, updated surety estimate in 1995 dollars, location map, new Reclamation Contract (FORM MR-RC) and replacement surety bond are attached for your reference. Upon the Board's acceptance of the revised information, the Division will forward a final approval of the replacement surety to Lone Star Industries. We will also return the original surety to the company as well. Thank you for your time and consideration of this request.
